**Monte Carlo**

**42**

**Dear Fellow Enthusiast:** As you can see, we have an all-new catalog dedicated exclusively to GM 'A' body cars including Chevelle, El Camino and Monte Carlo. Due to the continuing popularity of these cars, we thought it best to start issuing new catalogs dedicated to makes and models to help our distributors and end-users find the restoration parts they want and need. Additionally, we have recently expanded our offering of new parts for the GM 'A' body line and want to ensure that you have the information you need at your fingertips. If you want to know the parts we offer for specific model years, please visit our website at [www.metrommp.com](http://www.metrommp.com). There you can create and print-out a custom catalog for any model car you are working on and instantly know exactly what is available from Metro Moulded Parts, Inc.! In addition to this parts catalog for the GM 'A' body lines, we are working on numerous others that will support the most popular automotive lines in the restoration marketplace. Please contact your Customer Service representative to request catalogs for other car models or to ask about new part offerings.

**Don't let anyone tell you there's no difference in rubber parts!** Here at Metro, we continue to work hard to make our premium quality OEM reproduction and restoration parts the very best available by paying careful attention to the smallest details. Compare our products before buying any other brand! We're sure you'll find our parts give you the best overall value when you compare softness, appearance, fit, performance, durability and warranty. Attention to quality and detail are what we call "The Visible Difference." Prove it to yourself by comparing brands. We welcome the challenge.

To all of you who helped make Metro Moulded Parts, Inc. the leading supplier of restoration rubber products, our sincerest **Thanks!!**

## Chevelle Basic Kits

Our basic kits include the vital pieces of weatherstripping you need to get your restoration or repairs started right! Kit prices are typically about 10% less than the individual sets of parts they contain. The same high quality Metro parts are used in all our basic weatherstrip kits and carry the same "no hassle", 15-year full replacement warranty and 100% satisfaction guarantee!

Basic kits contain the "dynamic seals" that seal the major openings in your car to keep out wind and weather. For 2-door hardtops, a basic kit includes the door, roof-rail and trunk seals. Basic kits for convertibles include the door, convertible top seals (including the header seal in most cases) and trunk seal. For sedans, a basic kit contains the door seals and trunk seal.

Metro Moulded Parts, Inc. makes thousands of additional detail rubber parts for hundreds of different makes and models of cars and trucks. If you don't see what you are looking for, just give us a call. The parts you need might be available and ready to ship the same day you order.

**"Our basic kits typically cost about 10% less than the individual parts they contain. That's like getting the trunk seal for free!"**

## Insist on Metro Quality!

*At Metro we believe that quality parts go beyond 'just working.' We formulate rubber to meet the requirements of the part, instead of using cheap, commodity bulk rubber for all applications. Our standards include coated molded-in steel cores, correct tool-installed clips and beautifully detailed outer surfaces. We even re-create details from the original parts that won't be seen once the part is installed! All of our standards are necessary to provide you with show-quality results. Don't settle for less! Find out what you are getting for your money and ASK FOR METRO QUALITY. You'll be glad you did. There truly is a Visible Difference ...*

**Ask for  
Metro by  
Name!**

# The Metro Difference!

Some people think a rubber part is just a rubber part. But there's a world of difference! SUPERsoft® brand weatherstrips and seals are made from a proprietary rubber formula that took years to perfect. Our molds are designed using CAD/CAM technology and machined to the closest tolerances using

state-of-the-art CAD/CAM design and CNC milling tools. Numerical temperature and pressure controls ensure consistent cure-cycles that eliminate scorched and under-cured parts. Hot-bonded joints and tough Nylon 6-6 mounting pins means your seal will stand up to rough handling. Besides quality in design and construction, our seals are up to 30% softer than other brands. **That's a difference you can see and feel!**

## Interior. Electrical & Firewall Parts!

**Complete your interior package with the detail parts that make your car seem new again. Protect your wiring with fresh new firewall grommets!!**

'64-'65 Console boot. Flat. Each.	<b>RP 33-U</b>
'64-'65 Bucket seat bumper. With core. 7/8 in dia. x 3/8 in. high. Each.	<b>SB 62</b>
'64-'67 Gas pedal with <u>flanged</u> steel core and nylon rub plate on back side. Double-hole snap-on type. Correct density rubber. 3 in. x 11 in. Each.	<b>AP 31-A</b>
'64-'67 Gas pedal with <u>unflanged</u> steel core and nylon rub plate on back side. Double-hole snap-on type. Correct density rubber. 3 in. x 10-1/8 in. Each.	<b>AP 31-B</b>
'64-'68 Odometer knob. 1/8 in. ID x 7/16 in. OD x 1/2 in. high. For cars with trip-meter reset. Each.	<b>KN 10</b>
'64-'69 Antenna lead firewall grommet. Each.	<b>SM 71-A</b>
'64-'70 Parking brake pedal pad. 2-9/16 in. wide. Each.	<b>CB 99-A</b>
'64-'70 Brake pedal pad. 5-7/8 in. wide. For cars with automatic transmission. Each.	<b>CB 99-B</b>
'64-'70 Brake pedal pad. 4-3/4 in. wide X 2-3/4 in. high. For cars with automatic transmission. Each.	<b>CB 101-A</b>
'64-'67 Brake pedal pad. 3-5/8 in. wide X 2-5/8 in. high. For cars with manual transmission. Each.	<b>CB 101-C</b>
'64-'72 Accessory floor mats. Front or rear. High quality black rubber with original emblem. Designed to be sewn into carpet. 12 in. x 17 in. Each.	<b>AC 17</b>
'64-'72 Floor mats. Front and rear. Beautifully detailed reproduction but made without logo. Black rubber only. Set of four.	<b>FM 2200</b>
'64-'72 Bumper for dash-mounted glove box and ash tray. Fits 3/16 in. hole. Each.	<b>SB 36</b>
'64-'72 Dash and firewall grommet. Single thru-hole. Fits 3/4 in. dia. opening. Each.	<b>SM 101</b>
'64-'72 Clutch and brake pedal pads. For cars with manual transmission. Pair.	<b>CB 99-D</b>
'64-'72 Brake pedal pad. 5-3/4 in. wide. For cars with automatic transmission. Each.	<b>CB 99-G</b>
'64-'72 Leatherette windlace. Blue. Per foot.	<b>LP 57-Q</b>
'64-'72 Leatherette windlace. Cream. Per foot.	<b>LP 57-S</b>
'64-'72 Leatherette windlace. White. Per foot.	<b>LP 57-U</b>
'64-'72 Sunvisor support sleeve. Clear plastic with pivot end. Each.	<b>RP 303-A</b>
'64-'72 Sunvisor rod end-cap. Gray plastic. 3/4 in. long. Each.	<b>RP 303-C</b>
'64-'72 Door lock-rod ferrule. Polished stainless steel with felt insert. Fits hole size 5/8 in. x 1 in. OD. Each.	<b>RP 303-F</b>
'64-'75 Park brake pedal pad. Each.	<b>CB 99-E</b>
'65-'66 Tachometer mounting pad. Each.	<b>MP 5</b>
'66-'72 Bucket seat bumper. Oval with steel core like original. Two used per car. 1-1/2 in. x 7/8 in. x 7/16 in. thick. Each.	<b>SB 62-A</b>
'67-'72 Dash and firewall grommet. Double thru-hole. Fits 3/4 in. dia. opening. Each.	<b>RP 1-G</b>
'68-'72 Shifter plate seals. 4-piece set.	<b>SH 70</b>
'73-'83 Spark-plug wire retainer and organizer. 3-holes, self-locking. Black plastic. Each.	<b>SM 30-C</b>

## Why Not Do It Right the First Time??

Consider what it costs you in time, money and aggravation to do something over ... When you consider how much time and effort you've already invested in your restoration project, does it make sense to skimp on the rubber? There's cheap stuff out there. The difference in cost is a few dollars per set of seals. But what does it cost you in the long run to buy cheap? Drilling holes ... replacing broken pins ... adjusting doors and windows. Not to mention replacing the seals in a few years when they fail. Don't settle for less! Find out what you are getting for your money and **ASK FOR METRO QUALITY!**

## Lifetime Warranty? Well ... Maybe

Don't be fooled by claims of "Lifetime Warranty" on the rubber parts you buy! "Lifetime Warranty" is a legal term that defines a period of use set by law that varies by state. It can be as little as three years. Metro SUPERsoft® weatherstrip, seals and detail rubber parts come with a 15-year Full Replacement Guarantee. We promise that if your Metro-made part fails at any time during that time we'll replace it free of charge. That's our "No Hassle" guarantee. Don't settle for a simple promise of satisfaction. Metro's warranty is the best you can get! Bar none!

# The Quality is in the Details!

Metro SUPERsoft® brand Sponge Rubber has a uniform, closed-cell microstructure that forms an outer skin free from exposed cells and flaws. Unlike competitor's products that are coated with an outer latex skin, SUPERsoft® brand Sponge Rubber seals won't bruise, gall, blister, glaze, crack or peel.

SUPERsoft brand Sponge Rubber have regular patterns of self-enclosed microcells that seal out moisture and harmful ozone (100x microphotograph).

Competitive products have irregular structure with dense areas and open area ... producing a harder seal and creating worm-holes that trap moisture and ozone (100x microphotograph).

SUPERsoft brand Sponge Rubber has an integrated, smooth outer skin that is the first defense against the damaging effects of UV light, moisture, ozone and chemical aromatics (50x microphotograph).

Competitive products have skin with shingles and surface tears that provide paths for moisture and gases to penetrate (50x microphotograph).

*There's nothing quite like the look of El Camino zipping along the highway. Make sure your beauty has all the best seals. Then you'll know it's truly built for "The Road."*

# El Camino

## El Camino Basic Kits

'73-'77 Hardtop. Basic kit. Door and roof-rail seals.

**RKB 1900-113**

'78-'87 Hardtop. Basic kit. Door and roof-rail seals.

**RKB 1900-103**

*When you are thinking about replacing only the door seals or roof-rail seals on your El Camino, consider this: rubber seals age at about the same rate. Chances are if your door seals are failing, your roof-rail seals aren't far behind. Also, our door and roof-rail seals are "tuned" to work together to provide a complete sealing solution. If you mix old and new seals – or mix seals from different makers – you may not get the result you want. Our replacement style kits offer an economical alternative to ordering individual parts that makes your restoration more complete and saves you money too! And you get the correct factory look!*

## Molded Door Seals

LM 12-O

LM 12-Y

LM 16-JC

*Complete one-piece bonded door seals, for that original factory look and fit. Favored by award-winning restorers and El Camino enthusiasts everywhere!*

Restoration experts know that cutting corners can cost them a lot in the long run. At Metro, we don't cut corners. We use only galvanized, corrosion-resistant metal cores. Our rubber formulations contain no filler materials and are designed to match the specific application of the parts we make. We use only tough, hardened nylon mounting clips and countersunk steel positioning pins of the correct profile in all our seals. CNC-machined molds and computer-controlled cure cycles produce smooth parts with a sleek, jet-black, non-fade finish that look better, perform better and last years longer than anything else you can buy! And we back all of our parts with a "No Hassle", full-replacement, 15-year warranty. That's why Metro Molded Parts has been the first choice of restoration experts for decades.

Compare Metro's parts to any of our competitor's parts and you'll quickly see and feel which product is superior in looks, performance and durability. Try it yourself. Do a point-for-point comparison on the items listed below and you'll soon see the quality advantage is with Metro!

# Monte Carlo

*The long hood and clean lines of Monte Carlo make it special indeed; it's elegance has held up through four generations. The Monte Carlo badge carries the panache of personal luxury mixed with raw power that earns a place among enthusiasts young and old. Irresistible! If you own one of these gems, you'll want to use the best parts you can find to fit it out. So ask around. You'll find no one make better parts for Monte Carlo than Metro! We guarantee it!*
